# LOCAL LINKS

Dear Readers,

*Can you believe it's March already! How have the New Year's resolutions held up? We hope there's some flexibility for easter though... it would be a shame to miss out on all the fun treats like hot-cross buns and easter eggs... and our delicious easter egg cheesecake in this issue! Yum! If you have a go, why not share a pic with us on our facebook page: [www.facebook.com/locallinksmagazine](http://www.facebook.com/locallinksmagazine)*

*We hope you enjoy this Easter issue and hope you've got some lovely things planned over the long weekend. If you're out and about shopping or lunching, why not choose local businesses and coffee shops instead of big multi-national chains? Read more about how supporting local business owners can help our area on page 27.*

Happy Easter!

# Smarter Safety

It can be hard to know how to talk to your child about online safety. From setting up parental controls to advice on sexting, online games and video apps, we can help you to understand the risks and keep your child safe.

## Create a safe space to talk.

Talking regularly, like you would about their day at school, will help your child feel relaxed and mean that when they do have any worries, they're more likely to come and speak to you. It can help to:

- reassure them that you're interested in their life, offline and online.
- recognise that they'll be using the internet to research homework as well talking to their friends.
- ask your child to show you what they enjoy doing online or apps they're using so you can understand them.
- be positive but also open about anything you're worried about. You could say "I think this site's really good" or "I'm a little worried about things I've seen here."
- ask them if they're worried about anything, and let them know they can come to you.
- ask them about their friends online and how they know they are who they say they are.
- listen for the reasons why your child wants to use apps or site you don't think are

suitable, so you can talk about these together.

- ask your child what they think is okay for children of different ages so they feel involved in the decision making.

## How can I make use safer?

All mobile phone providers offer free parental control services which limit the content children can access via the internet to content suitable for under 18s. However, they may not always be automatically switched on. Check with your service provider that the parental control settings are switched on, and ask for them to be switched on if they are not. You should be able to do this via your account settings on your provider's website.

## Stay safer offline.

There are several apps available to track your child's movements, a great free one is 'Hollie Guard'.

If your child is in danger they can shake their phone or tap the screen to generate an alert. Their location and audio/video evidence will automatically be sent to emergency contacts who can take action to help them quickly.

The Journey feature allows your child to notify you of their movements while traveling. Enter your start and end point, and an SMS & email will be sent to your emergency contacts when you've started and safely completed your journey.

To register for a FREE account and for more information visit [www.hollieguard.org](http://www.hollieguard.org).

Hollie Guard was developed by the Hollie Gazzard Trust (HGT) to help people stay safe. HGT supports young hairdressers and charities fighting domestic abuse and anti-knife crime. The app was created in honour of Hollie Gazzard, a hairdresser who lost her life to domestic violence.

# Pom-Pom Easter Bunnies

## HOW TO MAKE Pom Poms

Nothing says easter more than a cute little fluffy bunny. So we thought it would be super fun to share this little pom pom bunny make with you!

### You will need:

- Small amount of black, grey and pink felt
- Small amount of fabric glue
- Scissors
- Ball of grey wool
- Glue gun

### Method:

• Make two grey pom-poms, one smaller than the other and a small white pom-pom using the method here, following steps 1 - 10 (see right).

• Use the hot glue gun to stick the smaller grey pom-pom (the head) to the larger one (the body) and then the small white pom-pom (the tail) to the larger grey pom-pom.

• Cut two ear shapes out of the grey felt and a smaller ear shape of

pink felt and glue on top of the grey. Glue and pinch at the bottom to finish the ears and then glue to the top of the bunny's head.

- Cut two small circles out of the black felt for eyes and a small circle out of the pink felt for a nose. Stick to the bunny's face with fabric glue.
- If you want to, why not make some funny accessories for your bunnies to wear!

We'd love to see your attempts at making these cute little critters, so why not share them with us on our facebook page at: [www.facebook.com/locallinksmagazine](http://www.facebook.com/locallinksmagazine)

# Frazer's Challenge *by Adrian Wedgwood*

**B**urton born Gold Medal Commonwealth winner Frazer Clarke popped into the gym at Branston Golf & Country Club on his way home from training at the Sheffield base of Great Britain Boxing last week to spar with Donna Smart, the Club's health & fitness manager and brief the Branston team on his plans to qualify for the Tokyo Olympics. 'I've been boxing since I was 11' said 28 year old 6'6" and 18 stone 'gentle giant' super heavyweight boxer Frazer who

attended Burton's de Ferrers School and, having tried other sports, settled on Boxing & trained at the town's Amateur Boxing Club.

'Richard Joyce & Trev Marler were my inspiration at Burton ABC, setting me on my way to fame and full-time Boxing for my Country' commented Frazer who now lives in Newhall and follows an exhausting weekdays training schedule with other Team GB Boxers at England's Institute of Sport in Sheffield and locally at the South Derbyshire Boxing Academy.

Frazer's partner Danni-Leigh Robinson and Larhah, their nine year-old daughter,

together with his parents are his biggest fans. 'As well as his training he's been Boxing all over the World, with trips to Australia, Italy, Germany, Mexico & Russia so he hasn't had time for us to get married but has promised we will straight after Tokyo - and I'm not letting him off!' exclaimed Danni-Leigh.

Frazer's next big challenge is the Boxing Road to Tokyo Olympic Qualifying event at London's Copper Box Arena on 14th March. 'I'm confident I'll get through the knock-out competition and into the last four that'll see me on the way to Tokyo' exclaimed Frazer who is leading the eight-strong British squad.

# By The Barn *by Angela Sargent*

**B**rimstone butterflies glowing against early bright green leaves are a wonderful spring sight, if you're lucky enough to spot one this March. The caterpillars feed on buckthorn and Alder and you might spot them along roadsides and hedges.

When out walking, now is the month to spot hares racing and boxing in the open fields - this is the time they come together

(being a naturally solitary animal) to breed. Persecuted by coursing, in which big money is invested, in the more eastern counties, the hare is declining in some areas. Because of successful police action in Lincolnshire, it has driven the practise further afield and a lot of damage is done to farmland at the same time.

Much of our pasture has begun to grow, although some will take time to recover from the autumn/winter wet weather and farmers will be fertilising and rolling where they can, giving the tender growth some much needed tlc and feed.

Grass is an important crop

- the newer varieties being much more nutritious for high yielding livestock - full of energy converted from sunshine, eaten by animals and converted into milk or muscle. We are so good at growing grass in this country - we have ideal weather and a lot of land that cannot grow anything else.

Grass varieties can outgrow themselves and then it's time to plough them up and resow, what we call a 'ley'. Arable crops do well when they follow a grass ley.

# Arranging Nature *by Barbara Buxton*

As we slip into spring there are a beautiful array of seasonal flowers becoming available. Do you buy a bunch and aren't entirely sure about how to care for them properly and arrange them beautifully? Here are some super tips from Barbara Buxton of Burton Flower Club. Barbara advises...

## Buying your flowers

Whether you buy your cut flowers from a Florist or Supermarket avoid those displayed near fruit, in sunlight, draughts or open to the elements. They need to be fresh with crisp stems, foliage not wilting or turning yellow or brown. Daisy type flowers should have tight greenish centres and Carnations open with no white "threads" showing.

## Help your flowers live longer

Some guidelines are necessary to promote the life of your flowers. All your containers, scissors and secateurs must be scrupulously clean to avoid bacteria developing and entering the cut surface of the flowers/foliage. Also, make sure that your scissors and secateurs are sharp to avoid damage to the stems.

## Basic conditioning

Cut approx. 2.5cms off strong flower stems (e.g. Roses)

at an acute angle to enable the flower to take up water efficiently, remove all lower leaves that will be below the water line because they will encourage bacterial growth. Make a vertical slit and scrape the bark for about 2.5cms on stems of woody foliage, place flowers and foliage in buckets of deep, tepid water.

Soft fleshy stems (e.g. Tulips) need shallow water.

Don't forget to add cut flower food to both woody and soft stemmed arrangements.

As always there are some exceptions to these guidelines but treating your flowers this way should suit most types of flowers. Now let's progress to containers...

## Choosing your container

The flowers and container should combine so that one doesn't dominate the other. Consider where the flower filled container will be placed so that it has enough space, be it a jam jar, cup and saucer or even a juice carton!

## Help with stability

You can use various mechanics to help stabilise stems such as floral foam, pin holder, wire, pebbles etc. If you're interested in a simple seasonal

display without the need to use these, at the moment you can buy a bunch of Daffodils and arrange in glass jar together with some stems of Pussy Willow or Catkins for added interest.

## Watering

Remember to top up the water using long spouted can to avoid disrupting your arrangement.

Most importantly ENJOY!

If you're inspired to give flower arranging a go, why not pop along to a local flower arranging club, such as: Burton Flower Club, they meet at the Priory Centre on Church Road in Stretton on the first Friday of most months at 7.30pm. They are very welcoming to visitors and new members. Why not give them a call to find out more: 01283 814800 / 01283 704180.

# Easter Egg Cheesecake

This is truly the most perfect and easy no-bake cheesecake. By following this no-bake cheesecake recipe, you'll be gifted with a smooth and creamy dessert that sets beautifully in the refrigerator. Unlike regular cheesecake, no-bake cheesecake isn't overly heavy. It's lightly sweet and perfectly refreshing!

## EASTER EGG CHEESECAKE

### Ingredients

3 x small easter eggs (15cm tall)  
3 bags mini eggs (half crushed and half left whole)  
3 creme eggs  
200g digestive biscuit crumbs  
67g light brown sugar  
115g unsalted butter, melted  
300ml whipping cream  
680g full-fat cream cheese, softened to room temperature  
100g granulated sugar  
15g icing sugar  
60g sour cream, at room temperature  
1 teaspoon pure vanilla extract

### Instructions

Cut your three easter eggs in half top to bottom along the seam. If the eggs are well stuck together heat a knife blade up in boiling water to separate the halves.

Stir the digestive crumbs, brown sugar and melted butter together and divide into the bottom of each easter egg half. Gently compact with a spoon being careful not to crack the easter egg shell.

Freeze for 10-20 minutes as you prepare the filling.

Using a hand mixer or a stand mixer fitted with a whisk attachment, whip the cold heavy cream into stiff peaks on medium-high speed, about 4-5 minutes. Set aside.

Whisk the cream cheese and granulated sugar together on medium speed until perfectly smooth and creamy. Add the icing sugar, sour cream and vanilla extract. Beat for 2-3 minutes on medium-high speed until smooth and combined. Stir in the crushed half of the mini eggs.

Using a spatula, slowly fold the whipped cream into the cheesecake filling until combined.

Remove the egg halves from the freezer and spread filling into them.

Refrigerate for at least 6-8 hours and up to 2 days. For best results, 12 hours is best. Don't be tempted to cheat this step otherwise they won't be set.

When ready to eat, decorate each egg cheesecake with the remaining whole mini eggs. Use a hot knife to cut the creme eggs in half lengthways and place on top.

# Spring Has Sprung! *by Deb Walker*

'Spring has sprung!' is a mixed exhibition, featuring watercolours and large Indian ink paintings by resident artist Deborah Walker RI RSMA, original prints by several artist printmakers, jewellery by Lynn Kendall, stunning ceramics by John Stroomer from Australia and glass by Kim Bramley from France. Deb welcomes visitors to her studio gallery Thursday to Saturday, 10am to 4pm, throughout the year.

Deb Walker is an elected Member of the Royal Institute of Painters in Water Colours (RI) and a Member of the Royal Society of Marine Artists (RSMA), both of which are based at the Mall Galleries, just off Trafalgar Square in London. To view paintings by Deb prior

to visiting 'the gallery' please visit: [www.walker-art.co.uk](http://www.walker-art.co.uk). The annual exhibition of the RI at the Mall Galleries runs from 2-17 April this year, open daily from 10.00am - 5.00pm. With over four hundred watercolours to view, this makes a great day out in London for lovers of the medium! For more information, or to view the work online please visit: <https://www.mallgalleries.org.uk/whats-on/exhibitions/royal-institute-painters-water-colours-208th-exhibition>

Deb will also be exhibiting at the Spring Affordable Art Fair in Battersea from 12-15 March, represented by John Noott Galleries of Broadway. For further information please visit: <https://affordableartfair.com>.

# Easy Lifting

Now that spring is well and truly on the way, there are lots of jobs to do in the garden at this time of year but don't be too gung-ho or you could end up doing yourself a mischief!

## Typical Gardening Aches and Pains

The most common gardening related complaints are back pain or pain in the knees or hands. This is no surprise given the repetitive tasks, sustained bending, frequent lifting and awkward positioning that is involved, always remember...

## Lift Heavy Items Safely

A common cause of low back pain while gardening is poor lifting technique. Whether you're lugging new plants in

from your car or carrying bags of fertilizer here are some tips to keep your back safe while lifting outdoors:

- Stand with your feet hips distance apart. Closer or further away makes you more unstable.
- Now, squat down, bending at hips and knees, and keeping your back long – your safest posture is to keep your spine in a neutral position.
- Lift slowly and avoid quick, jerky movements – engage your core muscles by drawing your navel towards your spine to support your lower back.
- Bring the load as close to your body as possible – minimize the force required to lift or carry the object.
- Slowly straighten your legs – remember that your leg

muscles are stronger than your back so be sure to generate force with your lower body.

Avoid twisting or turning at the waist while carrying something heavy – change direction using your feet rather than rotating through your spine.

# Share the Local Love

**A**s a local magazine we love to champion our local businesses, but have you ever thought about the benefits of using local businesses?

## Benefits the Local Economy:

Local businesses are the backbone of our economy, the epitome of the high street. But what you may not know is that shopping at a local business, rather than a large chain, is actually better for the economy of your community. Research shows that £10 spent with a local independent shop means up to an additional £50 goes back into the local economy. This is simply because the nearby shop owners, who you are spending your money with, will then put that money back into your local community by going into local pubs and restaurants etc, thus circulating the money and allowing your community to thrive.

## Creates Local Jobs:

Shopping with and investing

in local businesses means you can have a very strong and positive effect on the health of the local jobs in your area. Small, local businesses are surprisingly the largest employer of jobs nationally and provide the most local jobs to communities. Helping to grow the number of jobs in your area makes for a better place to live and work which then creates a healthy economy for the community.

## Better Customer Service :

You can't beat the personal touch of a local owner who knows everyone in the area. They can offer you a product that is suitable for you, your house and even your area. Building relationships between the local owner and the local customer goes further than just a purchase. It is also worth remembering that local shops stock an inventory based on their own customer's choices rather than national fashion trends. This is so you can find what you want rather than finding what they want to sell you.

## Local Incentives:

Local governments often provide tax incentives to entice nationally-owned companies to their communities. However, if these corporations are paying less in taxes it means that local residents are paying more. But, when you buy from local companies it lessens individual tax burdens and creates up to 75 per cent more tax revenues for your community.

## Better Aftercare:

It's important to know that if anything was to go wrong you have a local company to go to, someone to talk face to face with. Large commercial companies will often provide you with a phone number for their customer service team and make you wait for what seems like an eternity until you get to speak to someone. This simply is not the case with a local business. They will often prefer to meet up face to face, rather than on the phone, and find out exactly how they can help fix the problem.
